

4th Grade Weekly Goals

Week Of:
April 11 - 15

Math Learning Goals:

- I can draw and identify points, lines and rays.
- I can identify different angles (acute, obtuse, right).
- I can measure the degrees in an angle or circle using a protractor.
- I can draw and identify different triangles (acute, right, obtuse, scalene, equilateral, isosceles).

Reading Learning Goals:

- I can read the question first, then seek the answers in the text.
- I can preview the text before reading.
- I can read directions and questions carefully.
- I can find evidence for my answers within the text.
- I can build my reading stamina and read different types of text.

Writing Learning Goals:

- I can give feedback to others about their state informational essays.
- I can write an On-Demand essay that demonstrates all I've learned about informational writing.
- I can reflect on my growth in informational writing.

Social Studies Learning Goals:

- I can describe what scarcity is.
- I can describe characteristics of a market economy.

Social-Emotional Learning (SEL):

- I can use the SOAR Wheel to 'Own it' when there is conflict.

Other Information:

- We are looking for parents who could donate WRAPPED hard candy, suckers, mints or gum for students to have during our M-Step testing, as a special treat and motivation. If you are able to donate, please send any of these items in at your earliest convenience. Thank you SO much!
- Students have no official reading homework to complete over Spring Break. I would love for your child to still read as time permits, but he/she does not have to record it in the agenda. Have a wonderful Spring Break with your child!
