

4th Grade Weekly Goals

Week Of:
August 30 - September 3

Math Learning Goals:

- I can identify place value to the thousands.
- I can round multi-digit numbers to the nearest 10, 100, or 1,000.

Reading Learning Goals:

- I can describe what reading workshop looks like.
- I can choose a just right book.
- I can read at a good pace for longer periods of time (reading stamina).

Writing Learning Goals:

- I can describe what writing workshop looks like.
- I can generate ideas for a personal narrative.

Other Information:

- Please consider packing your child a beach towel or small blanket in their backpack. If we decide to learn outside, it will be nice to use for your child to sit on. These will be kept at school in their locker.
- During technology time next week, we will work to set up our Google Classroom for the year. Throughout our school year we will use the Google Classroom to complete some assignments in class. Be on the lookout for an email that invites you to join our classroom too, as a parent/guardian. As a parent/guardian, you will not have the same view as your child does in Google Classroom, but it will show you frequent updates of what your child has worked on in Google Classroom.
- Students were re-introduced to SOAR this week. Ask your child about it! Encourage your child to SOAR both at school and at home. SOAR stands for:
 - S - be SAFE
 - O - OWN it
 - A - ACT responsibly
 - R - be RESPECTFUL

Monday	Tuesday	Wednesday	Thursday	Friday
				*No School! Have a nice Labor Day Weekend!
