

4th Grade Weekly Goals

Week Of:
March 7 - 11

Math Learning Goals:

- I can identify and locate fractions on a number line.
- I can identify fractions of a whole.
- I can find equivalent fractions using multiplication.

Reading Learning Goals:

- I can develop an interpretation (theme) of my historical fiction book.
- I can take into account the perspective of minor characters in my historical fiction book.
- I can revise the theme of my book as I keep reading more.
- I can participate in a historical fiction book club to discuss the book I'm reading.

Writing Learning Goals:

- I can use boxes and bullets to record a big idea and supporting facts from my state research.
- I can plan the subtopics for my state research essay (table of contents).
- I can draft my first subtopic using text features.

Science Learning Goals:

- I can notice patterns of natural disasters on maps of the Earth.

Social-Emotional Learning (SEL):

- I can consider the perspective of others when there is a conflict.

Other Information:

- Thank you to all who attended conferences this week! I enjoyed meeting with you!
- Our classes is almost done reading the book Wonder. It's a heart-warming book with an underlying message about the importance of being kind to others. As a fun follow-up activity, we are planning to watch the Wonder movie on March 30. We want you aware that the movie is rated PG. Here is the link to the Common Sense Media review about the movie so you can learn more about it: [Wonder Movie](#) If you would prefer that your child not watch the movie, please let us know in advance and we will plan another activity for your child to do. Thank you!
