

4th Grade Weekly Goals

Week Of:
November 1 - 5

Math Learning Goals:

- I can use the area model, expanded notation, algebraic notation, or the shortcut method to multiply.
- I can solve 1-digit by 4-digit multiplication problems.
- I can solve multi-step word problems that involve multiplication.

Reading Learning Goals:

- I can make reading non-fiction interesting by choosing engaging books to read.
- I can notice details in non-fiction books and ask questions about what I read.
- I can choose just-right non-fiction books to read.
- I can predict how a section of my non-fiction book will go, then confirm or revise my thinking.

Writing Learning Goals:

- I can write an on-demand opinion essay that demonstrates all I know about opinion writing.
- I can describe the structure of an opinion essay.
- I can brainstorm a big opinion idea to develop into an essay.
- I can support my opinion with evidence.

Science Learning Goals:

- I can describe how organisms detect, process, and use information about the environment.

Social-Emotional Learning (SEL):

- I can recognize what it looks like, sounds like, and feels like to be envious.

Other Information:

- Please remember that your child's goal for reading at home is to read at least 100 minutes per week. Please initial in your child's agenda on the days he/she reads at home. Thanks for supporting your child's reading at home!
- Parent-teacher conferences are coming up on November 16 and 18. Look for a sign up email link to be sent home soon.
- Picture Retake Day is November 8
