

4th Grade Weekly Goals

Week Of:
November 15 - 19

Math Learning Goals:

- I can divide simple numbers with remainders.
- I can solve division problems using the place value sections method, expanded method, or digit-by-digit.
- I can solve division problems with 2-digit and 4-digit quotients.

Reading Learning Goals:

- I can look for the main idea by looking for repeated words or images.
- I can find many ideas in non-fiction texts, not just the main idea.
- I can think "What is this section really about?" as I read more of my non-fiction book.

Writing Learning Goals:

- I can support my opinion statement using reasons and mini-stories.
- I can write a strong ending for my opinion essay.
- I can revise and edit my opinion essay.
- I can neatly publish my opinion essay using technology.

Social Studies Learning Goals:

- I can describe and locate all of the continents and oceans in our world.
- I can describe the absolute and relative location of the United States.

Social-Emotional Learning (SEL):

- I can recognize what it looks like, sounds like, and feels like to be envious.
- I can identify what a tattler is and know how it is different from reporting.

Other Information:

- Parent-teacher conferences are coming up on November 16 and 18. Please let me know if you have any need a reminder of your scheduled day and time. I look forward to meeting with you!
- If you are willing to donate granola bars or small snacks to our classroom, I'd appreciate it. I like to have some extra snacks available for in case a child forgets a snack. Thanks for your help!
- The PE Cares Food Drive runs November 8-22.
